

***For teenagers, texting and driving is no big deal, right?  
At least not until they have heard Jacy Good's story.***

**That's why Putnam | Northern Westchester BOCES is proud to present, Hang Up And Drive, an assembly program for students and parents in New York.**

During the assembly, Jacy Good and her husband, Steve Johnson, recount her story of loss and recovery. Jacy Good lost her two parents and was partially paralyzed in a horrific accident caused by a distracted driver in 2008. Since 2011, the couple has presented her story to more than 550 audiences in 32 states and worked tirelessly to advocate for cell-free driving.

Program participants leave pledging to change their driving habits for good. This critically important assembly program is perfect for new and experienced drivers alike.
