Putnam | Northern Westchester (PNW) BOCES, in partnership with Clarkson University, is proud to offer the Master of Arts in Teaching, Secondary Chinese Language, a 38-credit program leading to NYS certification in the teaching of Chinese. Join us to learn more about program details including admission and enrollment requirements.

FAQ

Q: WHEN DO THE COURSES OCCUR?
A: This is a hybrid program combining online and in-person classes (Saturdays) held at PNW BOCES in Yorktown Heights, NY. Students will take 6 credits each semester in the first year and attend a 9-credit, six-week summer intensive program at the Capital Region Campus in Schenectady, NY. In year two, students must complete a 3-credit course, a professionalism workshop seminar (1 credit each semester), and participate in a residency (4 credits) each semester.

Q: IS FINANCIAL AID AVAILABLE?
A: Yes. Interested students should email Lynne Connelly, senior financial aid administrator, at lconnell@clarkson.edu, with any questions or to obtain more information.

Q: WHAT IS THE AVERAGE WORKLOAD TO BE EXPECTED OUTSIDE OF CLASS?
A: Participants can expect 6-10 hours of work per class each week. In the online asynchronous classes, students will have independent readings, videos, online discussions, activities and projects based on due-dates provided by the instructor.

Q: ARE THERE PREREQUISITES OR APPLICATION REQUIREMENTS?
A: Candidates must take the GRE or the Miller Analogies Test. If the candidate's transcript is from a foreign university, the TOEFL or duolingo test is required. The tests are waived if the candidate has attended a Master's program in the U.S. Candidates also need 24 credits in Chinese language (undergraduate), or they may take the ACTFL test through LTI.
