HIGH SCHOOL CREDITS

INTEGRATED ACADEMICS

In our two-year Career & Technical Education programs, students participate in English and math (program dependent). Qualified students, who receive a 75% average in their first year of their integrated academic class, are eligible for integrated academics their second year. Integrated academics allow students to:

- Earn English 12 and math high school credit
- Take additional elective credits at the home school
- Participate in exciting career related projects which engage students in real-world problem-solving activities

SENIOR FOUR-HOUR OPTION

In the Senior Four-Hour Option program, students can earn credits by taking a Tech program with the academic classes listed below:

- 3 or 3 ½ credits for Career and Technical Education
- 1 credit for English 12 (qualified students may also earn up to 6 college credits for Writing & Research and/or Writing & Literature from State University of NY [SUNY])
- ½ credit for Economics
- ½ credit for Participation in Government (qualified students may also earn 3 college credits for Political Power in America from Mercy College)
- ½ credit for physical education
REGENTS CAREER ACADEMY

Rather than splitting their day between career classes at the PNW BOCES campus and academic classes at their local school, Regents Career Academy students spend a four-hour day at PNW BOCES where they take both academic and career classes. This schedule frees students to more fully explore their field of interest; better preparing them for work in the "real world." Academy students receive in-depth exposure to the field of their choice through classroom lessons, field trips, guest speakers, community service and internships.

**Year 1:** 3 credits for Career and Technical Education
